Atlanta, GA 30374

Dear Sir or Madam:

I am aware of the ever-increasing problem with Identify Theft. For this reason I would like you to place a **permanent fraud alert on my credit file**. As I understand it, a fraud alert will require anyone who runs my credit report to phone me at the phone number I have supplied below to verify that I personally requested credit and that the billing address given is accurate prior to granting any credit.

I would also like my **name and personal information eliminated permanently from any lists** that you sell or distribute to companies soliciting business. I do not want my personal information distributed to anyone without my personal consent.

The following is information that you may require to complete my request:

Name: _____

Address: _____

City, State & Zip: _____

Home Phone Number: () _____

Date of Birth: _____ / _____ / _____

Social Security Number: _____

Please notify me after my request have been processed.

Thank you for your prompt attention to this matter.

Sincerely,
